Interesting question! That is of course the lot where the City has proposed to build the temporary bridge housing. It is not yet an approved project, so I hesitate to make a final decision, but given the proposal, can we HOLD on fabrication for now and then cross the bridge once again depending on how Council decides to proceed with the project proposal?

Also, do you know how many signs are planned for the other City parking lot - the larger one - up Schrader? (The "Wilcox/Schrader" lot across from the LGBT Center.) That is also proposed to be turned into housing, although there will continue to be public parking underneath.

Thanks,

**Dan Halden**
